It understands the unique learning potential of every child and has geared its Millennium Learning System™ to provide students with a better understanding of life and its subjects, so that they prepare for today, for their greater role tomorrow In shaping the Indian Millennium.

The Millennium Learning System™ is based on the belief that, locked within every child is the inherent potential for greatness. It identifies the specific skill set of every child and helps each one of them to derive motivation from within as well as from the environment. Using the most advanced audio, visual and kinesthetic learning techniques, MLS makes education effortless and effective. The Millennium School across India utilize the unique systematic methodology of MLS in their philosophy, policies and practices.

Philosophy

The MLS seamlessly combines a global mindset with Indian values. As a result, a solid foundation is built which can be best described in M.L. Boren's words, "You should have education enough so you don't have to look up to people, and then more education so that you will be wise enough not to look down on people."

Policies

The MLS focuses on building communication between the learner and the facilitator. Using a structured and well documented way to approach issues. Then Millennium School develops students who are open-minded, critical thinkers and disciplined, yet energetic in thought and action.

Practices

The MLS offers education that liberates, the common and outmoded system of rote learning, heavy and irrelevant content is avoided. Students are provided with an alternative and extraordinary world of path-breaking teaching strategies and technology. They are offered liberation from a tired and ineffective curriculum, by a style of leadership and governance that puts every unique child first, unlocking every part of their hidden potential, and laying the foundation for greatness:

- Values of honesty, compassion, tolerance and respect for others.
- Development of democratic and secular values.
- Respect for our country's rich and varied heritage and a sense of national pride.

Transportation Policy

1. For safety and punctuality, it is advisable for all students to avail the school bus facility provided by The Millennium School.
2. The bus routes have been planned diligently, to minimize the travel time for students. The school does not provide transport in all the areas of the city, but convenient stops have been allocated at major locations, connecting different parts of the city. To optimize the route planning, door-to-door service is not provided.
3. Every bus has a driver and a conductor for safety and security. There is a female attendant in every kindergarten bus to assist and look after small children in the bus. The driver, conductor and attendant are there to make the bus travel comfortable for students. Hence, parents should encourage their children to respect them and obey instructions given by them.
4. The pick-up and drop-off timings will be given to students before the start of the new academic session. Students should be at their designated stop five minutes prior to the allotted time. The bus will not wait at any stop beyond the specified time.
5. Parents / Guardians have to carry the parent's Identity Card given by the school, to collect their ward(s) from the stop. If parents are not present at the bus stop on time the child will be brought back to the school on its return journey. The bus will not wait at any stop beyond the specified time, as this results in delay for other students as well.
6. Students from Kindergarten to Class V will not be dropped unaccompanied at any stop from the school bus. It is mandatory for parents to arrange for their pick up by responsible adult authorised with an identity card issued from the school. From Class VI onwards, students can be dropped and allowed to go on their own if the **No Escort Form** has been signed by the parent and submitted to the school authorities.
7. In case of an unknown contingency or during snarled-up traffic, the time schedule of the bus service may be disturbed, in such a situation, we request parents to extend their full cooperation to us. We will inform parents about the change of bus timings if any, via School Mobile App for both pick up and drop if the delay is more than 15 minutes. Due to heavy rain, some low lying areas may be flooded and so the regular stops can be modified to meet the challenge. In such situations, parents may have to opt a temporary pick up and drop-off stop, best made available to them.
8. Every parent and student is informed of the specific bus the child will travel by. Students are not allowed to change buses or stops besides the ones assigned to them. This discipline ensures the safety of your child and does not cause inconvenience to others.
9. The buses will halt at specified bus stops only, if a student misses the bus, he can board the bus from the next stop only. The bus driver has been instructed not to halt the bus anywhere en-route between the specific bus stops.
10. If Class I & above students miss their regular school bus, they cannot report to school by arriving in the bus meant for kindergarten children.
11. Parents are not permitted to board the school bus as this shall create a delay in the remaining route.
12. Parents have to inform the school in writing via an email or letter, regarding any change of address in the middle of the academic year. In such cases, parents need to understand that the school authorities cannot modify the existing route or create a new stop in the existing bus schedule.
13. GPS tracking facility is available to all the parents, via the School Mobile App.

14. Every year, the bus routes and timings are subject to revisions to accommodate the need.
15. Students are allowed to eat vegetarian snacks in the school bus. Junk food is strictly not allowed. Chewing gum, littering and creating any kind of litter and unhygienic conditions are strictly prohibited in the school bus.
16. Children have to maintain discipline and decorum in the bus and no one is allowed to open windows. This safety measure has to be strictly followed by all without any exceptions.
17. Students are not supposed to use offensive or abusive language, nor can they discuss inappropriate or indecent topics. Fighting or causing any kind of damage to the bus or breach of any of the rules, will lead to strict disciplinary action.
18. Parents are requested not to handover any kind of articles, fees, money and lunch box to the bus drivers / conductors / teachers / attendants. School will not be responsible for any loss.
19. If parents need to discuss any issues related to the bus service, they need to contact the Transport In-charge or the school authorities and not discuss the same with any of the bus staff.

Note:

- Before commencing the final admission formalities, please review our list of bus stops and select the one that is most convenient to you. We do not promise you door step transport facility so you will have to work out your convenience of travel to and fro the bus stop.
- In case the parent ID card is lost, it is the responsibility of the parent / guardian to intimate the same to the school authority immediately. There is a charge for issuing a duplicate card and until the same is prepared by the school, the safety and security of collecting your child from the regular bus stop, lies entirely on parents and the school will not be responsible for any untoward incidents.

In case the parents cannot be contacted at the registered numbers, the treatment will be started in the best interest of the child and will be informed later to the parent.

Food Policy

1. A healthy diet is very important for growing children and the school ensures that they are given nutritious meals. The daily menu of breakfast and lunch is prepared by consulting the dietician of the school and the meals are prepared under strict supervision to maintain high quality standards.
2. The school provides wholesome vegetarian (egg less) meals only.
3. The monthly meal menu of breakfast and lunch is shared with parents at the beginning of every month.
4. Though we do provide Jain meals, the school does not take responsibility of ensuring Jain students to eat only the special meals prepared for them.
5. Students are not left unattended at the dining room. Teachers and helpers are present to ensure that children eat their food and keep motivating them to maintain a healthy diet. It is not possible to give a daily report of food intake to the parents. So the parents are requested not to make such requests to any staff member.
6. It is not possible for the school to cater to individual palates. We request support from parents to encourage their children to relish the healthy and wholesome meals provided by the school.
7. For students who wish to opt-out from consuming school-provided food and bring home-cooked food instead, they are required to inform through email at info@tmssurat.org, before the commencement of the academic term.

Code of Conduct for the School Library

3. Library books should be borrowed for personal reading and not for sharing them with others.
4. Only one book at a time will be issued.
5. Books have to be returned in 7 days. Failure to return the book within 15 days may lead to a fine.

3. In case of illness and absence for three days or more, the student will have to resume school with a doctor's certificate. If a child has a prolonged period of absence due to a medical contingency, parents need to regularly update the School Principal on the student's health progress. Parent will need to provide a detailed medical report when their child resumes school after the recuperating period.
4. A student resuming school after an infectious or contagious illness, will have to bring a fitness certificate from his treating doctor.
5. Half day leave requests are not granted by the school. But in case of a child's ill health or due to an emergency, the Principal may allow the child to leave, before the closing hours of the school.

7. To seek leave sanction, a written request needs to be sent to Front desk or through ERP for approval. If the leave request is for more than seven days, parents will have to meet the Principal with a prior appointment, to get the necessary approval and sanction.
8. For repeated and long periods of unapproved absence, the school reserves the right to detain the child in the same class, in the next academic session.
9. The above rules have been formulated to help students excel with the Millennium Learning techniques. The Millennium Learning System is a detailed session based plan and so, even a day of absence in the middle of an ongoing topic can hamper his understanding and performance in the subject.
10. In case of absence of short duration, our facilitators will try their best to update the child by giving him/her additional practice worksheets that summarize the topics, which have been missed. However covering the concept such that it was done in the regular class, will not be possible.
11. The annual school calendar is prepared well in advance and shared at the start of every academic session, to help parents plan family outings and vacations and honour their social commitment, without disturbing their child's attendance, in school.
12. All students need to be present on the first and the last working day of the school, before and after every vacation.

- If a child takes leave without prior approval then, re-assessment of any assessments will not be considered unless the child is medically unfit to come to school.
- Over due course, the school will be implementing the National Credit Framework (NCrF) (in schools), as per the directions of the CBSE. Through the NCrF, all students will be eligible for credits based on their attendance.

Birthday Celebration Policy

1. Teachers and staff at The Millennium School, try to make a student's birthday a special day. We understand that the child may be eager to celebrate his/her birthday at school and respect his/her sentiments. However, parents should ensure that the celebration at school is simple and not affluent.

NATIONAL EMBLEM

The National Emblem of India is a replica of the Lions of Sarnath, near Varanasi in Uttar Pradesh. The Lion Capital was erected in the third century B.C. by Emperor Ashoka to mark the spot where Buddha first proclaimed his gospel of peace and emancipation to the four quarters of the Universe. The National Emblem is thus symbolic of contemporary India's reaffirmation of its ancient commitment to world peace and goodwill. The four lions (one is hidden from view)-symbolizing power, courage and confidence, rest on a circular abacus. The abacus is girded by four smaller animals, guardians of the four directions- the lion of the north, the elephant of the east, the horse of the south and the bull of the west. The abacus rests on a lotus in full bloom, exemplifying the fountainhead of life and creative inspiration. The motto 'Satyameva Jayate' inscribed below the Emblem in Devanagari script means 'Truth alone triumphs'.

NATIONAL FLAG

The Indian flag was designed as a symbol of nationhood. The late Prime Minister Pt. J. L. Nehru called it a flag not only of freedom for ourselves but a symbol of freedom to all people. The flag is a horizontal tri colour in equal proportion of deep saffron on the top, white in the middle and dark green at the bottom. The ratio of the width to the length of the flag is 2:3. In the center of the white band, there is a wheel in navy blue to indicate the Dharma Chakra. Its diameter approximates the width of the white band and it has 24 spokes. Saffron stands for courage, sacrifice and spirit of renunciation, White for purity and truth, Green for faith and fertility.

VANDE MATARAM

I bow to thee, Mother,
richly-watered, richly-fruited,
cool with the winds of the south,
dark with the crops of the harvests,
The Mother!
Her nights rejoicing in the glory of the moonlight,
her lands clothed beautifully with her trees in flowering bloom,
sweet of laughter, sweet of speech,
The Mother, giver of boons, giver of bliss.

- Bankim Chandra Chatterjee

SCHOOL ANTHEM

One in a Million is our Millennium
Beneath the bright blue sky its dome
With pride we'll voice the name of our school
And in our hearts its love and rule.

The school where our dreams and hopes will arise
With heads held up high we will sing its praise
Love for our school is the theme of our song
And in its grace we will never go wrong.

CHORUS

Millennium will shine like a star in the sky.
Millennium, we'll hold up her banner so high
Millennium, the school of our choice
In its glory we will rejoice.

With God's Spirit on us we'll move hand in hand
The tempests of life with his grace we'll withstand
Honour and glory to school we will give
And love Millennium as long as we live.

To our school we will always and ever be true
And uphold its name for the world to view
With love in our hearts and prayers in our soul
Exalting our school will be our goal.

CHORUS
